Pt. 1903

(f) Testing or examination material used solely to determine individual qualifications for appointment or promotion in the federal service the disclosure of which would compromise the objectivity or fairness of the testing or examination process; or

(g) Evaluation material used to determine potential for promotion in the armed services, but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the United States Government under an express promise of confidentiality, or, prior to the effective date of this section, under an implied promise of confidentiality.

PART 1902—INFORMATION SECURITY REGULATIONS

Subparts A–E [Reserved]

Subpart F—Declassification and Downgrading

AUTHORITY: Sec. 5–402 of Executive Order 12065.

§ 1902.13 Declassification and downgrading policy.

(a)–(b) [Reserved]

(c) The Executive Order provides that in some cases the need to protect properly classified information “may be outweighed by the public interest in disclosure of the information,” and that “when such questions arise” the competing interests in protection and disclosure are to be balanced. The Order further provides that the information is to be declassified in such cases if the balance is struck in favor of disclosure. The drafters of the Order recognized that such cases would be rare and that declassification decisions in such cases would remain the responsibility of the Executive Branch. For purposes of these provisions, a question as to whether the public interest favoring the continued protection of properly classified information is outweighed by a public interest in the disclosure of that information will be deemed to exist only in circumstances where, in the judgment of the agency,

nondisclosure could reasonably be expected to:

- (1) Place a person’s life in jeopardy.
- (2) Adversely affect the public health and safety.
- (3) Impede legitimate law enforcement functions.
- (4) Impede the investigative or oversight functions of the Congress.
- (5) Obstruct the fair administration of justice.
- (6) Deprive the public of information indispensable to public decisions on issues of critical national importance (effective for declassification reviews conducted on or after 1 February 1980).

(d) When a case arises that requires a balancing of interests under paragraph (c) above, the reviewing official shall refer the matter to an Agency official having Top Secret classification authority, who shall balance. If it appears that the public interest in disclosure of the information may outweigh any continuing need for its protection, the case shall be referred with a recommendation for decision to the appropriate Deputy Director or Head of Independent Office. If those officials believe disclosure may be warranted, they, in coordination with OGC, as appropriate, shall refer the matter and a recommendation to the DDCI. If the DDCI determines that the public interest in disclosure of the information outweighs any damage to national security that might reasonably be expected to result from disclosure, the information shall be declassified.

Central Intelligence Agency

§ 1903.4

criminal procedures, and those provisions of State law that are federal criminal offenses by virtue of the Assimilative Crimes Act, 18 U.S.C. 13. The Director of Central Intelligence, at his discretion, may suspend the applicability of this part, or a portion thereof, on any Agency installation, or any portion of the installation, covered under this part. Where necessary and when consistent with national security requirements notices will be posted on the affected Agency installation to indicate that the applicability of this part or a portion thereof has been suspended.

§ 1903.3 State law applicable.

(a) Unless specifically addressed by the regulations in this part, traffic safety and the permissible use and operation of vehicles within an Agency installation are governed by State law. State law that is now or may later be in effect is adopted and made a part of the regulations in this part.

(b) Violating a provision of State law is prohibited.

§ 1903.4 Vehicles and traffic safety.

(a) *Open container of alcoholic beverage.* (1) Each person within the vehicle is responsible for complying with the provisions of this section that pertain to carrying an open container. The operator of the vehicle is the person responsible for complying with the provisions of this section that pertain to the storage of an open container.

(2) Carrying or storing a bottle, can, or other receptacle containing an alcoholic beverage that is open or has been opened, or whose seal is broken, or the contents of which have been partially removed, within a vehicle on an Agency installation is prohibited.

(3) This section does not apply to:

(i) An open container stored in the trunk of a vehicle or, if a vehicle is not equipped with a trunk, to an open container stored in some other portion of the vehicle designated for the storage of luggage and not normally occupied by or readily accessible to the operator or passenger; or

(ii) An open container stored in the living quarters of a motor home or camper.

(4) For the purpose of paragraph (a)(3)(i) of this section, a utility compartment or glove compartment is deemed to be readily accessible to the operator and passengers of a vehicle.

(b) *Operating under the influence of alcohol, drugs, or controlled substances.* (1) Operating or being in actual physical control of a vehicle is prohibited while.

(i) Under the influence of alcohol, drug or drugs, a controlled substance, or any combination thereof, to a degree that renders the operator incapable of safe operation; or

(ii) The alcohol concentration in the operator's blood is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more alcohol per 210 liters of breath. Provided, however, that if the applicable State law that applies to operating a vehicle while under the influence of alcohol establishes more restrictive limits of alcohol concentration in the operator's blood or breath, those limits supersede the limits specified in this section.

(2) The provisions of paragraph (b)(1) of this section shall also apply to an operator who is or has been legally entitled to use alcohol or another drug.

(3) *Test.* (i) At the request or direction of an authorized person who has probable cause to believe that an operator of a vehicle within an Agency installation has violated a provision of paragraph (b)(1) of this section, the operator shall submit to one or more tests of blood, breath, saliva, or urine for the purpose of determining blood alcohol, drug, and controlled substance content.

(ii) Refusal by an operator to submit to a test is prohibited and may result in detention and citation by an authorized person. Proof of refusal may be admissible in any related judicial proceeding.

(iii) Any test or tests for the presence of alcohol, drugs, and controlled substances shall be determined by and administered at the direction of an officer of the Security Protective Service.

(4) *Presumptive levels.* (i) The results of chemical or other quantitative tests

If the alcohol concentration in the operator's blood or breath at the time of the testing is less than the alcohol concentration specified in paragraph (b)(1)(ii) of this section this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(ii) The provisions of paragraph (b)(4)(i) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, a drug or drugs, or a controlled substance, or any combination thereof.
